The original plans, specifications, and bid documents are amended to include the following:

 - The addition of lime is preferred for this project.
- 2) *If GDOT 9.5 mm (w/ Lime) is required, do you want GDOT 9.5 mm Type I or GDOT 9.5 mm Type II?*
 - Type II is preferred for this project.
- 3) *Regarding the existing drainage structure, is contractor expected to replace the entire structure or just the top?*
 - The top will need to be removed, and then the flume structure with grate inlet will need to be poured in place to match the existing box.
